

CAMHS OUTREACH

Short-term, intensive support for children and young people in serious mental health crisis, at home and in the community.

81

YOUNG PEOPLE ACCEPTED
APR 2025 – MAY 2026

1–3

MONTHS ON AVERAGE
WITH EACH YOUNG
PERSON

9–9

OPEN EVERY DAY
365 DAYS A YEAR

Refer to us when there is an acute mental health crisis or escalation with significant risk of harm.

01 WHAT WE DO

We offer short-term, intensive support to young people under 18 experiencing a serious mental health crisis, continuously assessing and reviewing safety concerns while promoting recovery at home and in the community. Support can be offered up to seven days a week; most young people are seen two to three times. We also act as the mental health liaison for under 10s.

02 OUR AIM

To prevent admission to Tier 4, or to support discharge for young people already on a ward.

03 THE TEAM

Every young person is allocated three practitioners from a multidisciplinary team of psychologists, mental health nurses, social workers, occupational therapists and mental health navigators. This lets us draw on a wide range of interventions, including:

PSYCHOLOGICAL INTERVENTIONS

MEDICATION

SENSORY WORK

SYSTEMIC & FAMILY

& MANY MORE...

04 IN A&E

We also assess young people presenting at A&E, supporting safe discharge home and safeguarding.

05 MEASURING CHANGE

Goal Based Outcomes: three goals set by the young person, family or clinician, rated 0–10 as support progresses.

SDQ: a brief emotional and behavioural screen, from the young person's and family's perspective.

Friends & Family Test: families rate their overall experience of the service.

06 LOOKING AHEAD

A new CAMHS Outreach **DBT group**, broadening what we can offer.

A **service evaluation** interviewing experts by experience, to better understand our mechanisms of change.

REFERRAL

Acute crisis or escalation · significant safety concerns

CAMHS OUTREACH (preventing Tier 4 admission · supporting Tier 4 discharge)

Intensive support · 2–3 visits a week · usually 1–3 months

DISCHARGE

Core CAMHS · Young Glos · community services
